## SALA GALLERIA + SALA SCALA

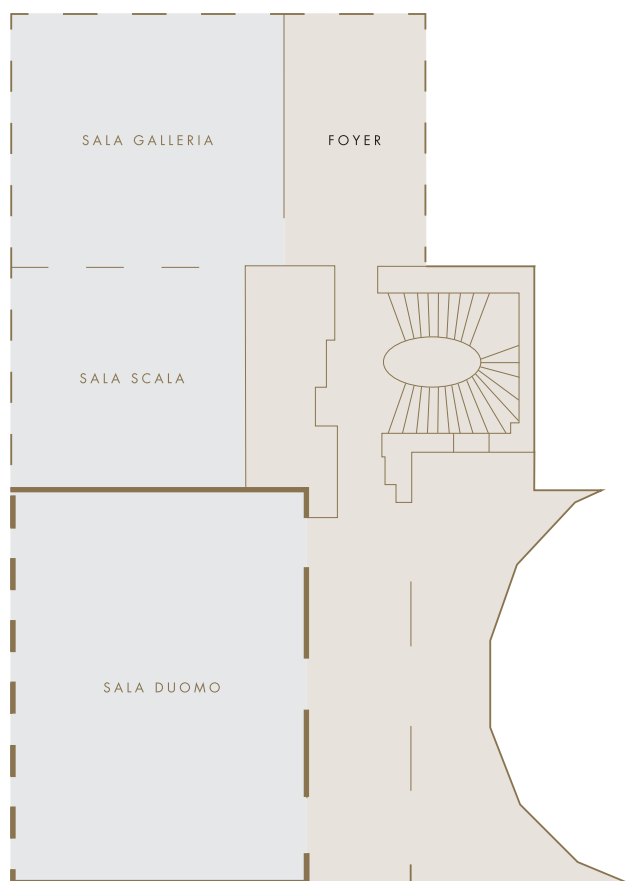

The Galleria boardroom, ideal for meetings and private business lunches, is a room of 48 square meters / 506 square feet, decorated with modern display cases in aluminum alloy and walnut wood, equipped with a sitting area with armchairs and access from a terracotta and apricot color-toned foyer. The Galleria boardroom can be connected to the Scala boardroom of 36 square meters / 388 square feet, outfitted as well with walnut furnishings: the union of the two rooms allows the creation of a single communicating environment yet with two secluded and separate spaces.
