ACCOMMODATION

Set within a 23-acre desert oasis with stunning views of Camelback Mountain, this Paradise Valley resort offers 185 guestrooms and suites.

Drawing inspiration from the mid-century modern art and architecture movement, and the artists who used the desert as a creative landscape for expression, the resort pays homage to the mid-century artists, architects and designers including Alexander Girard, Frank Lloyd Wright and Paolo Soleri.

The Guestrooms are situated in unique bungalow clusters, each with an outdoor terrace and will provide guests with a unique and intimate desert experience. The resort also features three pools, one of which is located within the luxurious Palo Verde Spa & Apothecary.

Unique to the resort is our partnership with the Cattle Track Arts Compound, a nearby community of artists, musicians and craftsmen who share their talents and stories with guests. The resort is within walking distance of many well-known Scottsdale/Paradise Valley restaurants and entertainment venues and is two miles north of Old Town Scottsdale and Scottsdale Fashion Square shopping destinations.
