FACT SHEET
A WORLD AWAITS

Alila Diwa Goa, a luxurious Hyatt resort in the tranquil village of Majorda, South Goa, offers a blend of contemporary Goan architecture and rich cultural heritage. Surrounded by lush paddy fields and palm trees, and stretching towards the Arabian Sea, the resort is both a serene retreat and a gateway to local exploration. Guests can unwind with bespoke services, world-class amenities, and a rejuvenating atmosphere. Experience the region's beauty, from colonial forts to vibrant traditions, all set amidst pristine beaches and sparkling waters. Alila Diwa Goa promises a unique, unforgettable stay, connecting you with nature and culture.

STAY WITH US

Contemporary Goan architecture and local materials combine gracefully in spacious rooms designed to flow out toward the natural landscape. The resort boasts one of the most beautiful infinity pools overlooking lush green paddy fields and has 153 beautifully designed rooms and suites.

Alila Diwa Goa

All the rooms include a stand-alone bathtub, a shower cubicle and walk-in wardrobe, luxury bedding, and private terraces & balconies with pool, gardens, or paddy field views. Amenities in the rooms include an LCD TV, a mini-bar, a tea/coffee maker, bath amenities, free Wi-Fi, and 24x7 in-room dining service.

The Diwa Club

At Alila's bespoke 'The Diwa Club by Alila', one can retreat into a state of personal privacy in an environment of spectacular elegance & sophistication. Designed as a resort within a resort, the Diwa Club boasts its lap pool with an open-air 'jetted tub' and private all-day dining Bistro. All the guests at The Diwa Club exclusively enjoy all-day breakfast at Bistro, complimentary Chai-Paani and Sundowners by the Diwa Pool, and access to all the facilities & services at Alila Diwa Goa.

HOTEL DESIGN

Throughout the design and construction of the resort, we strove to minimize our impact by working with the landscape. Nature is an integral part of the resort's architecture, with trees blending effortlessly and gracefully into the spatial design in an effort to preserve indigenous ecosystems. All materials used in building the resort were sourced locally, and an abundance of the region's eco-friendly brick-red laterite stone can be seen throughout the hotel.
