DINING & ENTERTAINMENT

ZEM ZEM is an avant-garde Czech bistro, juxtaposing the aesthetics of Prague's traditional coffee houses with 1920s retro-futuristic Czech art, literature and engineering. The menu is a creative blend of Czech produce with occasional hints of Japanese flavours, crafted from a theatrical kitchen stage of charcoal and steam.

Mez Just as the field border (mez) is where a farmer rests, refreshes, and meets with others after a hard day at work, the MEZ bar is where locals and travelers engage together and enjoy the exhilarating atmosphere. Our mixologists reconnect with nature to surprise you with perfectly balanced cocktails, that are infused with the ancient power and wisdom of Bohemian mythology and spiced with a true South American vibe.
