● **The Lindner Hotel Cologne City Plaza is not just located in the heart of Cologne. It is Cologne. It's like your own Cologne Veedel with sightseeing experiences, floor by floor. Here, you get to experience the feel and lifestyle of the city and learn a lot about its heroes. At the Lindner Hotel Köln City Plaza, the essential Himmel un Ääd (blood sausage with onions, mashed potatoes and apple sauce) rubs shoulders with international street food in the same way that business travelers meet city hoppers and locals meet visitors. No matter how wild the combination of styles, everything always goes together. "We are all different." Here you can feel the beat of the city.**

Whether it's the traditional city of Cologne with Cologne Carnival and FC or the party city, the cathedral city is popular. You can't copy that! Visit the many attractions, enjoy down-to-earth food in the Cologne restaurants, a cool drink in the pub around the corner and explore the city's diverse museums. We invite you to get to know our city from its best side and, of course, we always have some insider tips for you. The central location of our hotel offers many options for going out and experiencing the multifaceted Cologne up close.
