

## Eggs and Pork

Hyatt is committed to advancing responsible sourcing practices, including encouraging hotels to source food from farms that incorporate practices that support animal welfare. The data in the tables below is based on accessible information, including self-reported hotel data in the 2024 calendar year. Additional information about Hyatt’s supply chain efforts can be found at [Hyatt.com/WorldOfCare](https://www.hyatt.com/WorldOfCare), including through documents available on the Policies and Statements page.

### Cage-Free Eggs

The cage-free egg journey began with a focus on U.S. managed hotels where we have centrally supported purchasing and where cage-free eggs are generally available. We are pleased with our progress in the areas where we have better influence. We continue to engage colleagues and suppliers, including in markets where product availability is limited, and continue to see progress across all areas.

#### 2024 Cage-Free Eggs (Managed and Franchised)

Americas	
US Managed	91%
US Franchised and Canada	70%
Latin America & Caribbean	30%
Europe, Africa & Middle East	
Europe	67%
Africa & Middle East	23%
Asia Pacific	
Asia Pacific (excluding Greater China)	50%
Greater China	20%
GLOBAL	
	56%

### 2024 Higher Welfare Pork

We are working with hotels to help them increase sourcing of pork that meets higher welfare standards. We define higher welfare pork to include crate-free or group-housed pork. The supply chain for higher welfare pork products is still developing.

US Managed	42%

*The term “Hyatt” is used in this document for convenience to refer to Hyatt Hotels Corporation and/or one or more of its affiliates.*
